### TWO UNITED CIGAR HOLDUPS TO-DAY; 31 SINCE JAN. 31

Stores' Chief Detective Blames Organized Gangs—Says Police Do Their Best.

### CHICAGO ALSO SUFFERS.

Manhattan and Brooklyn Shops Latest Victims—Total Loot Not Large.

Two hold-ups of clerks in United Cigar Stores, one in Manhattan, the other in Brooklyn, prompted William Bernstein, chief of the United Cigar Stores detective staff, to issue a statement in which he said organized bands here and in Chicago make a specialty of the concern's stores and that as fast as one gang is broken up others are formed.

Since Jan. 31 there have been thirty-one robberies in the stores in Manhattan and Brooklyn. The loot amounts to something over \$4,000. In only a few cases were clerks injured, but the men are growing apprehensive. In Chicago twenty clerks have been held up and robbed this year. The company has 410 stores in New York and 148 in Chicago.

Mr. Bernstein said the police are doing the best they can, but the cigar store bandits time their robberies to dodge the patrolman on the beat. Nine arrests have been made. All the robbers arrested were convicted and sent to prison for terms of from five to ten years.

A man walked into the cigar store at 554 Street and Eighth Avenue this morning and asked Harry J. Barry, the clerk, for a package of cigarettes. Barry took the cigarettes out of the case and turned to look into the muzzle of a revolver. The man with the gun ordered Barry into the stock room in the rear.

Another man entered, took off his hat, stepped behind the counter and opened and rifled the cash register of \$2. As he was preparing to leave a customer entered. The bandit served the customer, then called to the other bandit in the back room and both made their escape, although Barry followed them out, yelling an alarm.

Irving Katz, in charge of a store at No. 31 Livingston Street, Brooklyn, was held up and robbed by two men about an hour after the Manhattan crime. Katz was forced into the back room by one of the bandits, while the other got the money, amounting to \$181.

NIAGARA-ON-THE-LAKE, Ont., Aug. 19.—The playmates of Baby Guy Stillman are disconsolate to-day as a result of his departure for Chicago. Miss Oliver, nurse for the Stillman children, left Wednesday with Guy and his 11-year-old brother, Alexander. Few knew they had gone until to-day.

Friends of the nurse said to-day they believed the party had gone to the summer camp of Miss Muriel McCormick of New York, forty miles north of Chicago.

### "WET" LIBERALS WIN VICTORY ON WINE AND BEER BECAUSE OF DEADLOCK IN CONGRESS

Beer Legislation Being Blocked, Regulations Formerly Prepared May Be Issued After Next Week.

They Will Permit the Issue of 4 7-8 Gallons of Beer and 3 Gallons of Wine on Prescription for Medicine.

(Special From a Staff Correspondent of The Evening World.)

WASHINGTON, Aug. 19.—The deadlock in Congress over the beer bill apparently insures the blocking of this legislation for the present session of Congress.

As a result the Treasury Department is expected to issue as quickly as Congress recesses next week the long anticipated beer and wine regulations. These regulations were first drawn last March. It was planned to issue them shortly after the famous Palmer decision that the dry law does not prohibit physicians prescribing wine and beer. The Anti-Saloon League got busy and put enough pressure on the new Administration to tie up the regulations with the expectation of rushing an anti-beer bill through Congress.

The position of Secretary Mellon is that with Congress failing to legislate on the subject the Department has no other alternative in view of the former Attorney General's ruling, which has never been rescinded, than issue departmental regulations on the subject.

The tentative regulation which have been in type for nearly six months provide that "not to exceed four and seven-eighths gallons of fermented malt liquor, bottled and cased, may be prescribed by the same patient during any period of thirty days."

In the case of wine, "not to exceed one case containing three gallons or less may be prescribed," during a like period for one patient.

The liberals have suddenly gotten the upper hand in Congress, after a long period in which the Anti-Saloon League has driven through practically every measure it has sponsored in the identical form it desired. The provision in the beer bill inserted by the House in which it is provided that no search and seizure shall be made of homes except where a warrant is secured charging it is being manufactured "for sale," has acted as a boom for the "home brew" industry and the sale of yeast, raisins and other ingredients, according to Washington merchants, has been greatly increased.

### TWO BATTLESHIPS HERE FROM PACIFIC

Wyoming and Arkansas Arrive as Radical Reorganization of Fleets Proceeds.

The battleships Wyoming and Arkansas, transferred from the Pacific to the Atlantic Fleet in the recent order allocating most of the newer oil burning warcraft to Western waters and the coal burners to the Atlantic, arrived here to-day from San Diego.

Rear Admiral Hilary P. Jones, Commander of the Atlantic Fleet, removed his flag from the Pennsylvania as she lifted anchor to-day preparatory to departing for the Pacific. The yacht Despatch was made temporary flagship here.

Admiral Jones will use the navy transport Great Northern for his flagship after her arrival from the Pacific. She leaves Seattle to-morrow, bringing families of the men of the Wyoming and the Arkansas.

The Arizona, Oklahoma, Tennessee and Nevada have already gone to the Pacific and the Texas will join the Atlantic Fleet later.

### J. W. ROSENQUEST SUED FOR DIVORCE BY ACTRESS WIFE

No Alimony Asked in Suit Against Son of Old Time Theatre Manager.

J. Wesley Rosenquest, for years well known on Broadway, is being sued for an absolute divorce by Mrs. Florence Rosenquest, who is known on the stage as Florence Darling, according to information obtained to-day. The action is to be prosecuted in Queens County, Herman L. Roth and Samuel W. Altman, No. 1476 Broadway, who are representing Mrs. Rosenquest, served Rosenquest on Aug. 11 last at Broadway and 42d Street.

Rosenquest is twenty-eight years old and the only son of J. Wesley Rosenquest, theatrical manager, who died four years ago, leaving an estate of \$10,000,000, one-fifth of which went to the son and the balance to the widow.

Mr. Roth drew the complaint, which alleges that Rosenquest is devoting most of his time to another woman whose identity is unknown to Mrs. Rosenquest, at the Hotel De France. She also charges that he was seen with women at the Empire and Flinders Hotels during October, November and December last year.

Mrs. Rosenquest lives at No. 91 Hamilton Place, and the defendant at No. 165 West 83d Street. She asks for the custody of her son, J. Wesley Rosenquest jr., explaining that her husband may have the child one month each year.

Mrs. Rosenquest came here seven years ago from Kentucky and was engaged in the chorus of one of Broadway's productions. Her ability was soon recognized and she became a musical comedy favorite. For two years she appeared with "The Midnight Rounders" on the Century Roof.

### DETECTIVE FACES HOMICIDE CHARGE; WITNESSES HEARD

Bronx Prosecutor Examines Three Interborough Men in Haggerty Inquiry.

### OFFICER IS IDENTIFIED.

Sixth Member of Force to Be Charged With Assault in Six Weeks.

Assistant District Attorney Quigley of the Bronx to-day questioned four important witnesses in the case of Detective Jeremiah Haggerty of the Wakenfield Station, charged with having shot and killed Joseph Lazaro, a barber, of No. 229 East 14th Street, after claiming to be a revenue officer and arresting Lazaro and a friend, Joseph Pallazola, for carrying a gallon can of red wine. Pallazola, who lives at No. 324 East 14th Street, identified Haggerty as the impersonator and the man who fired the shot. In Fordham Hospital, yesterday morning, about twelve hours before he died, Lazaro failed to identify Haggerty as his assailant.

The witnesses examined were a ticket agent and a ticket chopper of the Gun Hill Road Station of the Interborough, where Haggerty is alleged to have descended with his two prisoners after arresting them on a train; another Interborough employee who was on the train and a citizen who volunteered his evidence.

It is alleged by Pallazola that after he and Lazaro were arrested by the "revenue agent," the latter shot a hole through the wine can upon discovering that it could not be opened, and that later he offered to settle the case with his two prisoners for \$500. Pallazola said the "agent" took \$500 from him and shortly afterward, as Lazaro was bending over the can, fired another shot. The bullet went into Lazaro's abdomen and passed through his body.

In his defense Haggerty stated that he was the victim of false identification.

The detective is the sixth member of the police force charged with assaulting innocent persons within the last six weeks. Acting District Attorney Quigley of the Bronx said he had two witnesses who would testify they saw Haggerty in the vicinity of the scene of the shooting shortly before it occurred.

Haggerty will be examined further by Magistrate Simon to-morrow.

### BOY PLAYING POLICEMAN SHOOTS TWO COMPANIONS.

Uses Father's Revolver—Parent Held for Violating Sullivan Law.

Playing policeman with two little companions, Philip Rutha, nine years old, No. 149 Fourth Street, Long Island City, accidentally shot both of them with a revolver to-day. Frank McSheffery, eleven years old, was shot in the right forearm, and John, his fourteen-year-old brother, was shot in the left hand. Neither boy was badly hurt but little Philip was taken by the Children's Society for arraignment in the Children's Court.

The shooting occurred in the living room of the Rutha home which is over Nicholas Rutha's grocery store. When the McSheffery boys, who live next door, came in to play and "policeman" was suggested, Philip Rutha got his father's revolver to make it more realistic.

The elder Rutha was held in \$500 bail in the Long Island Court for violation of the Sullivan Law.

### BOGUS DETECTIVES ARREST MAN IN TAXI; OWNED BURGLAR KIT

"Joe Lorraine," Who Had Apartment on Broadway, Whisked Out of Sight.

### HIS ROOMER ARRESTED.

Rifled Wall Safe, Revolver, Masks and Tools Found—No Trace of Lorraine.

Burglar tools, black masks, flashlights, a loaded revolver, a small ripped-out and rifled wall safe and one protesting prisoner are in the hands of the police as the ingredients of a mystery which begins with an "arrest" in a taxicab and ends as yet nowhere.

The prisoner, who calls himself Robert Earl Normandy, was taken prisoner early this morning in a well-furnished apartment at No. 2721 Broadway, where the burglar kit and other paraphernalia were found. He denied all knowledge of them, said he had lived in the place only three weeks and rented a room for \$8 a week from the tenant, Joe Lorraine, a friend of his.

Although Normandy was arraigned in the West Side Court to-day charged with having the tools and the revolver in his possession, the police are more interested in learning something about Lorraine and the mysterious "arrest" of him in the taxicab.

Aside from Normandy's side of the story all the police know of the case comes from William Kaska, a taxi-driver of No. 1338 First Avenue, who went to Headquarters early this morning to report that he wanted help in collecting a \$23 taxi bill. He said that for the last three or four days he had been driving a man named Joe Lorraine about the city and getting for it tips which ranged from \$5 to \$20. Yesterday afternoon, he said, he picked up Lorraine and two other men and three women at the Hotel Remington, No. 123 West 46th Street, and took them all for a ride.

About midnight the party was in Broadway near the Strand Theatre, Kaska went on, when two men darted from the curb, leaped on the running board of the car and grabbed Lorraine. They said they were detectives, showed shields and took Lorraine from the car. Kaska drove on for a block after that and there the other five passengers left the machine and the unpaid bill of \$33. Then Kaska went to Headquarters about it.

He told his story to Detective Treanor of the Homicide Squad, and immediately an inquiry went out as to what detectives had made the "arrest" of Lorraine and where he had been taken. Not a scrap of information resulted. There was no record of any such arrest. Treanor learned from Kaska where his patron Lorraine lived and thither they went in the taxicab, picking up Detective Trojan on the way.

At the Lorraine Apartment the door was opened by the young man who said he was Normandy. He declared he knew nothing at all about Lorraine, but the detectives pushed past him and searched the apartments. Discovery of the burglar's kit in an expensive leather bag followed soon after.

Normandy said that he was a lunchman at the Victor Lunch room at 90th Street and Columbus Avenue. He said he came from Providence, R. I., and had met Lorraine at the lunchroom and been asked to share the apartment. He added that he had served in the war in a machine gun company in the 26th Division.

"I have heard no suggestion from any part of the world, save Ireland, that this Government had not gone to the very limits of possible concession."

"Should our terms be rejected, we will be faced by a graver situation in Ireland than any that has previously confronted us."—LLOYD GEORGE in the House of Commons.

Kieley suffered a possible fracture of the spine and was removed to the Nassau Hospital, Miss Randolph escaped with a bruised eye.

According to Corporal Flynn of the State Constabulary Miss Randolph was travelling at eighty miles an hour when she signalled for the Mack car to turn out. She started to go around, when her front wheel hit the Mack machine. The racing car was overturned.

### WELSH HOME RULE FAVORED BY PREMIER

Lloyd George Reported to Be in Sympathy With Such a Move.

LONDON, Aug. 19 (Associated Press).—An announcement in favor of Welsh home rule has been made by Premier Lloyd George, says the Liverpool Post to-day.

The Premier pledged himself, according to the newspaper, to support a measure of Welsh devolution if such were agreed upon by the Welsh Members of Parliament. The home rule favored by the Welsh Nationalists means a greater degree of local self-government.

30,000 Pounds of Reindeer Meat Reach San Francisco.

SAN FRANCISCO, Aug. 19.—Shipment of 30,000 pounds of dressed reindeer meat has been received in San Francisco from Nome, Alaska, by a firm of wholesale butchers here and was placed on sale today in retail shops, according to an announcement which said this marks the opening of a new industry.

LONDON, Aug. 19.—Lloyd George, in the House of Commons, and Marquis Curzon, in the House of Lords, to-day told the British Parliament that the Government had gone the limit in its offers to Ireland.

Lloyd George said in the Commons: "The Government has already said all it has to say in its letters to De Valera."

"The Premier warned an anxious House that there was great danger of misrepresentations and misunderstandings at the present stage of the Irish negotiations."

"The Irish atmosphere is always full of suspicion," he said.

"I have heard no suggestion from any part of the world, save Ireland, that this Government had not gone to the very limits of possible concession in its offers to Ireland," Lloyd George said.

"We have offered everything that we possibly could in order to purchase peace and the goodwill of the Irish people."

"Should our terms be rejected we will be faced by a graver situation in Ireland than any that has previously confronted us."

"Rejection would unmistakably challenge the authority of the Crown and the unity of the empire."

In the House of Lords Lord Curzon declared:

"The Government has gone to the extreme limit in its concessions to Ireland."

"The only possible criticism of the terms is that they are too generous."

"We have offered all that is possible without compromising the safety of the realm, the sovereignty of the crown and the unity of the empire."

"It is inconceivable that Ireland should consent to a resumption of the quarrel. Separation would infallibly mean the economic ruin of Ireland. If the Government is challenged it will not quail before its difficult task."

After the Prime Minister's statement, the Speaker declared the House of Commons adjourned until October 18. The prorogation is indefinitely postponed pending settlement of the Irish question.

LONDON, Aug. 19 (Associated Press).—The British Government, declared Premier Lloyd George to-day in the House of Commons, in making its settlement proposals to Ireland had decided on putting the whole of its terms into the letter to Eamon De Valera, without keeping anything back, and the sequel had proved, he said, that it was right in adopting that course.

He had heard no suggestions from any part of the world except Ireland, he remarked, that the proposal had not gone to the limit of possible concession.

"I want to make it clear," continued the Prime Minister, "that the Government did not put forth haggling terms, but put forward everything they could possibly concede to purchase peace and the good will of the Irish people, in Ireland itself, as far as I can see,
